

allocate_memory

```
graph LR; A[allocate_memory] --> B[endrun]; B --> C[terminate_processes];
```

A flowchart illustrating a sequence of three steps. The first step, 'allocate_memory', is highlighted with a gray background. It is connected by a dark blue arrow to the second step, 'endrun', which has a white background. This second step is then connected by another dark blue arrow to the third step, 'terminate_processes', also with a white background. All steps are contained within rectangular boxes with black borders.

endrun

terminate_processes
